Many options are available. Complete details will need to be finalized to determine requirements and final system costs. Work with your Pro Pac representative to build this machine to your specifications.

Large Format Tray Former Runs at Speeds Up to 40 per Minute

Building upon the robust and flexible design of the Adco CTF 470V tray former, the CTF 440VX adds the capability of forming large format trays with blank sizes up to 46" wide by 38" long.

The ergonomically designed CTF 440VX delivers class-leading performance at speeds up to 40 cycles per minute. Featuring a 5' powered magazine, fast no-tool changeover, and a precision servo-controlled forming section, the reliable and simple to operate CTF 440VX is ideal for the most demanding production environments.

Like all Adco machines, the CTF 440VX is constructed in stainless steel and is available in both standard and washdown configurations.

Benefits

Compact footprint saves space and simplifies integration
60" long horizontal magazine for Ergonomic loading of the blanks and consistent pressure whether the hopper is full or empty
Servo powered mandrel offers tunable stroke profiles to maximize speed and compression time
Flexible design makes tray size and style changes easier and less costly
Quick change option improves productivity and reduces downtime
Stainless steel construction improves cleanability
Advanced guard design keeps operators safe and maximizes maintenance access

Features

Stainless steel construction

Mechanically driven forming mandrel with overload protection
Variable speed drive system
60" long horizontal magazine for ergonomic loading of the blanks and consistent pressure whether the hopper is full or empty
Servo powered mandrel offers tunable stroke profiles to maximize speed and compression time
Nordson ProBlue FLEX hot melt glue system
Relay logic with push button controls
Fully-interlocked barrier guard package
Many options available upon request

Options

Washdown construction
Fast, no-tool changeover improves productivity and reduces downtime
Form glue or fold-over end wall style trays
Nordson MOD melt on demand hotmelt glue system
Angled discharge conveyor
PLC & HMI upgrades
Extensive size range extending options

Applications

Retail ready, display ready packaging
Beverage
Consumer products
Frozen foods
Meat and poultry
Refrigerated fresh food
Club store packaging

Case Dimensions

A: 14.25" - 46" (360mm - 1165mm)
B: 8.25" - 40" (210mm - 1015mm)
C: 13" - 38" (330mm - 965mm)
D: 7" - 26" (180mm - 660mm)
E: 3" - 12" (75mm - 305mm)
F: 10" - 29" (255mm - 735mm)

Specifications

Electrical: 230/460 VAC, 60Hz, 3 phase
Air: 10 CFM, 95 psi
