What Makes Qual Pac Brookshire Unique

TURN-KEY PACKAGING SOLUTIONS with COMPLETE TRACEABILITY

Not Just a Warehouse with Packing Table

We deliver turn-key packaging solutions at high-caliber service levels, built over decades serving some of the most demanding brands in the country.

AIB Certified Quality Standards

Our quality standards are built from serving some of the most demanding consumer brands in the country. Our Qual Pac Brookshire facility is AIB certified, a food-industry standard whose rigor carries over to every product category we handle - including consumer goods, retail kitting, promotional programs, e-commerce, and light-industrial products.

If your products require careful handling, accurate inventory, and dependable retail-compliant shipping, this is the operating discipline you inherit on day one.

Beyond the Package

Work with us to get much more than co-packing services.

- In-house packaging engineers
We design and create sample packages to ensure compatibility with the packaging equipment it will run on
Eliminates the costly gap between design and production
- EDI / API systems integration
Enables seamless order, receiving, production, inventory, and shipping transaction sharing with real-time visibility
- Site security and data security
- Packaging material sourcing and procurement services
- Strong inventory management and quality management systems
- Lot code / date code management and full traceability
- Packaging production capability
- Shipping and receiving with all major carriers
- Deep expertise with the Brookshire / Houston metro labor force
We absorb the seasonality of your business, managing staffing levels, personnel, and skill requirements
You don't have to hire, train, and flex a workforce of your own
- Available 24/7 production and dock operations
