# Adco SLC High-Speed Inline Carton Closer

## At a Glance

- Variable-speed drive system, precision servo-controlled turning chains
- Speeds up to 200 cycles per minute
- Large carton size and style range
- Stainless steel construction

## Pricing

Call us at 888-318-0083

Many options are available. Complete details will need to be finalized to determine requirements and final system costs. Work with your Pro Pac representative to build this machine to your specifications.

## Closing a Variety of Tri-Seal Cartons at Speeds Up to 200 per Minute!

The compact, Adco SLC high-speed inline tri-seal carton closer is designed to handle wide variety of carton shapes and sizes at speeds up to 200 cartons per minute. The versatile lugless inline SLC carton closer gets the job done, fast!

Featuring a variable-speed drive system, precision servo-controlled turning chains and no-tool changeover, the SLC packs a lot of features into its small frame.

The Adco SLC overhead belt and flexible gripper design easily handles bulging and oversize cartons. This reliable and simple to operate carton closer is ideal for the most demanding and cost-conscious production environments.

Like all Adco machines, the SLC is available in both standard and washdown configurations.

## Benefits

Stainless steel construction improves cleanability and eliminates corrosion

Vacuum infeed meters cartons into the machine and helps square cartons before closing

Positive, on-demand lugged carton transfer maximizes control and reliability

Overhead belt and flexible gripper design improves oversize carton handling

Swing away overhead conveyors to quickly clear jams

Fast and easy no-tool changeover improves productivity and reduces downtime

Large carton size and style range which protects your investment as products change

Advanced guard design keeps operators safe and maximizes maintenance access

## Features

- Stainless steel construction
- 90 degree carton turn section with on-demand servo controlled turning chains
- Cover right or cover left orientation
- No-tool changeover with digital readouts
- Variable speed drive system
- Accepts cartons randomly or back-to-back
- Compact frame with leveling feet and casters
- Nordson ProBlue FLEX hot melt glue system
- Allen-Bradley PLC control package with touch screen HMI
- Category 3 safety system with fully-interlocked barrier guard package
- Many options available upon request

## Options

- Washdown construction
- Transfer Counter-clockwise or clockwise orientations available
- Cover supply on left or right
- Downstream back-up detection
- Open flap detect & reject system
- Marking and coding systems
- PLC & HMI upgrades
- Integrate with an Adco or 3rd party supplied upstream product loading system
- Integrate with an Adco supplied upstream carton former

## Applications

- Snack foods
- Flow-wrapped products
- Frozen foods
- Ready meals
- Dairy products
- Baked goods

## Carton Size Range

- Length of Opening: 4" to 11.75" (101 to 300mm)
- Width of Opening: 3" to 11.75" (75 to 300mm)
- Carton Depth: 1" to 5" (25 to 125mm)

## Specifications

- Electrical: 230/460 VAC, 3-Phase with ground (PE), 60 Hz, 30A
- Air: 2 CFM @ 70 psi
