Many options are available. Complete details will need to be finalized to determine requirements and final system costs. Work with your Pro Pac representative to build this machine to your specifications.

Large Format Tray Former Runs at Speeds Up to 40 per Minute

Building upon the robust and flexible design of the Adco CTF 470V tray former, the CTF 440VX adds the capability of forming large format trays with blank sizes up to 46" wide by 38" long.

The ergonomically designed CTF 440VX delivers class-leading performance at speeds up to 40 cycles per minute. Featuring a 5' powered magazine, fast no-tool changeover, and a precision servo-controlled forming section, the reliable and simple to operate CTF 440VX is ideal for the most demanding production environments.

Like all Adco machines, the CTF 440VX is constructed in stainless steel and is available in both standard and washdown configurations.

Benefits

- Servo-controlled tray forming section enhances precision and reliability
- Flexible design makes tray size and style changes easier and less costly
- Fast, no-tool changeover improves productivity and reduces downtime
- Stainless steel construction improves cleanability and eliminates corrosion
- Easy to load high capacity magazine reduces operator fatigue and increases run time
- Advanced guard design keeps operators safe and maximizes maintenance access

Features

- Stainless steel construction
- Ergonomically-designed 5' long horizontal powered hopper (may be extended)
- Servo-controlled forming section

Capable of forming large format trays
Nordson ProBlue hot melt glue system
Allen-Bradley PLC control system with touch screen HMI
PackML Programming
Category 3 safety system with a fully-interlocked barrier guard package
Many options available upon request

Options

Washdown construction
Fold over endwall
Quick change
Incline conveyor
Top and bottom compression
10' hopper

Applications

Retail ready, display ready packaging
Beverage
Consumer products
Frozen foods
Meat and poultry
Refrigerated fresh food

Case Dimensions

A: 14.25" - 46" (360mm - 1165mm)
B: 8.25" - 40" (210mm - 1015mm)
C: 13" - 38" (330mm - 965mm)
D: 7" - 26" (180mm - 660mm)
E: 3" - 12" (75mm - 305mm)

Specifications

Electrical: 230/460 VAC, 60Hz, 3 phase
Air: 10 CFM, 95 psi
