Many options are available. Complete details will need to be finalized to determine requirements and final system costs. Work with your Pro Pac representative to build this machine to your specifications.

## Side Belt Taper for Small Boxes

The Little David LD-19SB is a semi-automatic case sealer designed to process low profile and/or narrow case sizes. The LD-19SB requires only 2 adjustments for the height and width of the case before the operator presents cases to this taper. The adjustments are fixed in place to process a series of uniform or same size cases. Cases are top and bottom sealed with 2" or 3" tape.

## Features

Side belt case sealer with single mast design is safe and easy to operate  
Processes low profile and/or narrow cases  
Slide and lock adjustment for height and turn handle to adjust for width  
Interchangeable cartridges (top and bottom)  
Continuous belt drive: Up to 72' per minute (21.95 m/min)  
Seals with pressure sensitive tape

## Reliable Performance Warranty

1 year warranty for all components  
2 year warranty for gear reducer and motor  
3 year warranty for tape cartridge  
(Moving and wear parts are not included, other restrictions may apply)
