Many options are available. Complete details will need to be finalized to determine requirements and final system costs. Work with your Pro Pac representative to build this machine to your specifications.

When Fixed is Not Applicable and Rugged Is Essential

Roach WheelFlex conveyors are designed for those times when a fixed conveyor is not applicable, but a rugged and reliable solution is essential.

Engineered with the workplace in mind, Roach WheelFlex conveyors are built from quality components that withstand the rigors of loading docks and back-room areas while handling a wide variety of materials.

Roach WheelFlex is the most durable flexible conveyor solution available for any industry application including parcel, e-commerce and retail, airports, warehouse and distribution centers, packaging, and more.
