## Robust, Versatile, Durable, Flexible Conveyors

Shuttleworth durable and flexible standard aluminum frame conveyors are the perfect solution for a variety of applications.

Robust and versatile, Shuttleworth's aluminum frame design conveyors provide the benefits of flexibility from a modular design conveyor. Made from extruded aluminum material, Shuttleworth aluminum conveyors utilize floor space more efficiently while minimizing maintenance and maximizing your productivity.

## Features & Benefits

- Extrusion rails make these conveyors heavy duty
- Can easily mount accessory equipment to side rail
- Fabricated from anodized aluminum
- Suitable for most industrial environments and countless applications

## Ideal Industries & Applications

- Most industrial and general packaging
- Machined part handling
- Paper products
- Medical
- Pharmaceutical
- Anything boxed
