Many options are available. Complete details will need to be finalized to determine requirements and final system costs. Work with your Pro Pac representative to build this machine to your specifications.

## Safely Handle Glass and Solar Panels

The Shuttleworth HD Panel conveyors gently and safely transport, buffer, rotate and perfectly handle glass and solar panels. With a variety of surface options, HD Panel conveyors will convey glass or solar panels without marking or scuffing the panel surface.

Integrated accumulation and buffering devices transfer, rotate, zone and vertically accumulate and buffer glass or solar panels. Incorporating lift gates can improve accessibility.

## Features & Benefits

Gently handles heavy products  
Lift and transfer handling capabilities  
Lift gate design available to accessibility  
Vertical buffer / accumulation options

## Ideal Industries & Applications

Glass and solar panel handling
