Many options are available. Complete details will need to be finalized to determine requirements and final system costs. Work with your Pro Pac representative to build this machine to your specifications.

Reliably Flip Trays

A pharmaceutical distribution center in Sumter, South Carolina needed to flip EPS trays upright for holding test tubes.

Advanced Equipment Company and SpanTech created an over/under conveyor system with a simple guide to flip trays.

The pharmaceutical company in Sumter, South Carolina was very pleased with this simple and reliable solution for flipping trays. It increased speed and consistency on the assembly line – and continues to smoothly and consistently manage the process.
