Many options are available. Complete details will need to be finalized to determine requirements and final system costs. Work with your Pro Pac representative to build this machine to your specifications.

Quickly Feed, Metal Detect, and Wrap Health Bars Directly from Production

This system has an infeed conveyor to receive enrobed bars from the production feed, 90 degree and bar orientation conveyors, metal detector, phase feeder, and seam crimp plate cooling.

Please [contact Pro Pac](#) or call 888-318-0083 for your horizontal flow wrapping equipment.
