Many options are available. Complete details will need to be finalized to determine requirements and final system costs. Work with your Pro Pac representative to build this machine to your specifications.

High-Speed Print & Apply Tamp Labeler for Random Case Heights

The LX-800RT print-and-apply single-tamp labeler maximizes throughput when processing cases of varying height. This high-speed labeling system is capable of accurately positioning and applying 4" x 6" labels at rate of 22 cases per minute.

Features

Simplified control panel with user-friendly touch screen
Easy-to-read vacuum and pressure gauges
Isolated rewind shut-off allows users to thread labels without powering down the unit
Robust industrial design
Simplified set-up in less than 10 minutes
UL listed controls

Please contact Pro Pac or call 888-318-0083 for your label applicating equipment.
