Many options are available. Complete details will need to be finalized to determine requirements and final system costs. Work with your Pro Pac representative to build this machine to your specifications.

Quickly Accurately Tamp Labels with this Reliable Labeler

The TAL-3100C Continuous Duty Tamp Label Applicator is designed to provide years of trouble free service. Using a brushless DC motor the TAL-3100C offers a maximum web speed of 500" per minute. Labels ranging in size from .5" x .5" to 5" x 5" are easily accommodated. This applicator's unique compact size allows it to be used in a number of applications where space is at a premium.

The compact size of the TAL-3100C allows it to be placed in locations where other units cannot fit. When space is tight and ease of operation is a requirement, the TAL-3100C is your labeling solution.
