Many options are available. Complete details will need to be finalized to determine requirements and final system costs. Work with your Pro Pac representative to build this machine to your specifications.

## Dispense Labels Up to 2.5" Wide with No Power

The Take-A-Label TAL-250M has a maximum web width of 2.5", and is ideally suited for applications where power may not be available, or increased manual labeling speed is needed. Just turn the handle and a label is dispensed. The TAL-250M offers the features and size of most electric dispensers but at a fraction of the price.

## Features

Durable all steel frame with powder coat finish  
Full scrap rewind  
Dispenses die-cut or butt-cut labels  
Accommodates multiple labels on a common liner

## Label Specifications

Maximum web width: 2.5"  
Maximum roll diameter: 12"  
Core size diameter: 1" or 3"

## Machine Specifications

Shipping weight: 13 lbs
