Many options are available. Complete details will need to be finalized to determine requirements and final system costs. Work with your Pro Pac representative to build this machine to your specifications.

Automatically Dispense Labels Up to 4.5" Wide

The TAL-450 Label Dispenser utilizes all steel frame construction, with an optional photo cell. This dispenser handles labels up to 4.5" wide with the power and performance necessary for the most demanding applications.

The open peel plate design allows the user to run multiple labels on a common web to increase speed, while reducing cost.

Features

- Durable all steel frame with powder coat finish
- Full scrap rewind with quick start / removal feature
- Heavy duty motor with built-in overload protection
- Dispenses die-cut or butt-cut labels
- Dispenses multiple labels on a common web

Options

- Photo cell label sensor
