Many options are available. Complete details will need to be finalized to determine requirements and final system costs. Work with your Pro Pac representative to build this machine to your specifications.

Lowest-Cost Filler with Simple Pneumatic Control

Inline Filling Systems FPM BT semi-automatic piston filler is lowest-cost filler with the same excellent design and quality as Inline Filling Systems electronic semi-auto versions, but with simple pneumatic control.

The operator handles containers and initiates filling sequence by use of a footswitch.

Ideal for small footprint (floor space) filling station.

Features

3,000 containers per day

Entry-level production

Please [contact Pro Pac](#) or call 888-318-0083 for your liquid filling equipment.
