Many options are available. Complete details will need to be finalized to determine requirements and final system costs. Work with your Pro Pac representative to build this machine to your specifications.

5-Axis Power Robotic Palletizer

The Fanuc M-410 series increases throughput on palletizing and handling applications.

Extremely fast, versatile and offering the best repeatability in the range, this 5-axis Fanuc M-410iB/140H robot handles any number of varied palletizing applications.

Pro Pac provides custom end-of-arm tools and configurations that seamlessly integrate with Fanuc robots and the needs of any packaging line.

Specifications

Max Payload: 140 kg

Reach: 2850 mm

Axis: 5

Features

Fastest Palletizing Robot in Its Class Increase productivity by up to 1,900 palletizing cycles per hour.

No Snagging, More Reliability Top mounting maximizes the work envelope while minimizing both ceiling height and floor space requirements.

Unique Palletizing with Vision System Visual line tracking with Fanuc's unique plug and play iRVision for easy locating and reliable picking of boxes.

Best Robotic Repeatability At ± 0.2 mm, this Fanuc robot delivers the best repeatability in the range.
