# Fanuc R-1000iA/100F Palletizing Robot

## At a Glance

- Max Payload: 100 kg
- Reach: 2230 mm
- Axis: 6

## Pricing

Call us at 888-318-0083

Many options are available. Complete details will need to be finalized to determine requirements and final system costs. Work with your Pro Pac representative to build this machine to your specifications.

## High-Speed Robotic Handling for Medium Payloads

The 6 axis Fanuc R-1000iA/100F robot has the inherent flexibility to complete any number of challenging jobs. Very fast and capable of reaching excellent cycle times, this Fanuc robot is particularly suited to a wide range of high-speed robotic spot welding applications. Compact and lightweight, the Fanuc R-1000iA/100F saves you space.

Pro Pac provides custom end-of-arm tools and configurations that seamlessly integrate with Fanuc robots and the needs of any packaging line.

## Specifications

Max Payload: 100 kg

Reach: 2230 mm

Axis: 6

## Features

**Robotic Handling of 100 kg Payloads** Maximize the productivity of your applications with payloads of up to 100 kg.

**Proven Reliability and Design** This Fanuc robot requires minimal maintenance and is extremely cost-effective when installing and operating.

**Mounting Versatility** This Fanuc robot can be mounted both on the floor as well as in a hanging position.
