Many options are available. Complete details will need to be finalized to determine requirements and final system costs. Work with your Pro Pac representative to build this machine to your specifications.

Fast and Compact Robotic Palletizing

With its slim design and small footprint, the Fanuc R-1000iA/80H robot is ideally suited to compact cells. With its speed and 5th axis, this Fanuc robot is a great choice for robotic palletizing applications requiring high rates of throughput and maximum reliability.

Pro Pac provides custom end-of-arm tools and configurations that seamlessly integrate with Fanuc robots and the needs of any packaging line.

Specifications

Max Payload: 80 kg

Reach: 2230 mm

Axis: 5

Features

Slim Design Capable of very high transfer speeds, this slimline Fanuc robot is a perfect match for highly productive compact cells.

High-Speed Packing and Palletizing With its 5 axis robot arm, large grippers and high-speed capabilities, the Fanuc R-1000 robot delivers extremely fast and precise robotic palletizing.

High-Speed Acceleration Boasting best cycle times, this slimline Fanuc R-1000iA/80H robot offers excellent acceleration.
