Many options are available. Complete details will need to be finalized to determine requirements and final system costs. Work with your Pro Pac representative to build this machine to your specifications.

High-Speed 3-Axis Delta Robot

The Fanuc M-3iA/12H Delta robot comes with a high-speed wrist designed for low to medium payload applications. Added cable protection is provided by routing services through this Fanuc robot's hollow wrist. This cable protection makes this Fanuc robot ideally suited to environments where snagging could be an issue.

Specifications

Max Payload: 12 kg

Reach: 1350 mm

Axis: 3

Food Grade Spider Robot

Smart Hollow Wrist Design This Fanuc M-3iA/12H Delta robot comes with a smart hollow wrist design for easy integration, reduced cable wear and increased productivity.

Food-Grade IP67 Protection With IP67 protection as standard, this food-grade Fanuc robot is ideal for dirty and dusty environments that involve complete wash downs.

Unique 3-Axis Delta Design Also known as the spider robot, this 3-axis Fanuc robot is ideal for high-speed picking multiple workpieces from conveyors.
