Many options are available. Complete details will need to be finalized to determine requirements and final system costs. Work with your Pro Pac representative to build this machine to your specifications.

High Precision and Long Reach Multi-Purpose Robot

Fanuc's six-axis M-710iD/50M robot features a 50kg payload and curved J2 arm, which minimizes interference with work pieces and fixtures. Fully-enclosed with optional full-IP67 rating, the Fanuc M-710iD/50M robot's reducers are well protected, providing resistance to wet, dusty or dirty tasks.
