Many options are available. Complete details will need to be finalized to determine requirements and final system costs. Work with your Pro Pac representative to build this machine to your specifications.

Fast, Automatic Pouch Filling

FL Tecnicos fill and seal pouching machinery line offers versatility, flexibility, low maintenance costs and quick format changeovers.

FL Tecnicos offer two different technologies, walking beam and inline carousel, to meet application requirements and guarantee packaging success.

This reliable pouching equipment that guarantees sealing integrity is perfect for autoclave retort applications.

Features & Benefits

These compact pouching machines bring a robust design and inline operation, with easy access to all mechanisms to a streamlined pouching application.

Pouch Infeed Conveyor Belt

Servo-motorized with integrated pick & place

Fully-automatic change over

Stand-up pouches with zipper, shapes, spouts and 3-4 side seals sachets

Compact Pouch Infeed Magazine

Compact design integrated on machine main frame

Special for stand-up pouches and 3-4 side seal sachets

High-capacity and easy pouch loading system

Machine Frame In Stainless Steel AISI 304

Sanitary design, frontal plate without housings and without exterior orifices

In compliance with pharma & food requirements

Robust and stable, vibration free while running

Frontal plate 20 mm thick

Retort Applications

Top sealing integrity

Multi-ingredients products: ready to eat & pet food

Multiple fillers

Solid Filling Systems

For powders, granulates & pieces

Auger filler, volumetric cup filler lineal and rotary

Multi-head & lineal weighers

Counting filling systems

Customized fillers for special applications

Liquid Filling Systems

For liquid and pasty products

Endress+Hausser, Bopp & Reuther mass and magnetic flow meters

Piston fillers with pneumatic or servomotor operation

Customized fillers for special applications

Standard innovative system of filling correction in real time on all flow-metering dosing systems
