Many options are available. Complete details will need to be finalized to determine requirements and final system costs. Work with your Pro Pac representative to build this machine to your specifications.

## Simple State-of-the-Art Case Coding

The FoxJet Linx 7900 printer provides fast, non-contact printing of messages on almost any moving surface. This state-of-the-art printer offers simple operation to allow for easy code creation and powerful features to help you meet current and future traceability requirements.

## Features

Single button startup and shutdown.

Data Matrix and 3-line printing is standard, with optional 4 or 5 line printing.

Quickswitch software allows for fast, easy code changes using a bar code scanner.

Linx Insight Remote Web control enables remote monitoring from a smartphone, plus message download and control from a PC.

Future Proof additional lines of print, faster print speeds and remote communication tools can be added as you need them.

Integral USB port allows for trouble free copy and backup of data, transfers of message content and setup of data between printers.

Full-flush system automatically cleans and dries the printhead and conduit at every shutdown, minimizing manual cleaning.

SureFill fluid replenishment ensures fast, mistake proof refills while printing ensure maximum uptime.

18 month warranty on printer at no extra cost (excludes Spectrum & Food Grade models).

Dynamically adjusted service intervals up to 9,000 hours.

Wide range of message formats available including logos and barcodes. Create custom graphics with logo editor.
