Many options are available. Complete details will need to be finalized to determine requirements and final system costs. Work with your Pro Pac representative to build this machine to your specifications.

One 17" Touchscreen Controller for Two Production Lines

The FoxJet Marksman Elite is a flexible stand-alone industrial controller that is capable of operating two production lines simultaneously and up to four printheads. The Marksman Elite controls FoxJet ProSeries printheads to print industrial compliant barcodes, graphics, and/or alphanumeric characters on porous materials and cases.

Features

- Industry Leading 17" touchscreen with built in on-screen keyboard
- Windows Embedded Standard 7 operating system
- Control up to 4 printheads on 2 production lines
- Rugged stainless steel case with interior cable connections
- Fast production changeover
- Password protection and report generation built-in
- Solid state industrial-grade hard drive
- Premium Boxwriter Elite WYSIWYG editor software
- User logs and print job reports with integrated on-line scanner protocols
- TUV and CE tested and compliant
- Manufactured with RoHs components
