Many options are available. Complete details will need to be finalized to determine requirements and final system costs. Work with your Pro Pac representative to build this machine to your specifications.

Cost-Effective High-Resolution Thermal Printing

The FoxJet SoloSeries 45 thermal ink jet printer delivers the high-resolution printing you need at the price you want. This printer utilizes three controller options: PC-based (with included software), Solo Handheld or Marksman Duo IPC.

Features

Up to 5 vertical lines of print

Font heights include 1/2", 1/4" and 1/10"

Prints logos and barcodes including various 1D types and the 2D data matrix code

Fully featured software including built-in autocodes, such as date, time, count and expiration

Compact, rugged enclosure with hinged cover to protect pen and allow for easy replacement

Serial port at printhead for flexibility

Purge button for easy cleaning of HP 45 cartridge

In/Out port for daisy chaining up to four printheads

Ink level detection which ensures optimum print quality, exclusive to FoxJet branded ink cartridges
