Many options are available. Complete details will need to be finalized to determine requirements and final system costs. Work with your Pro Pac representative to build this machine to your specifications.

Print Multiple Dot Matrix Lines and Character Heights in Any Combination

Same as the Multi II, plus an extra line of 7/16" (5 x 5 dot matrix) printed in any combination. Multiple fonts are what the Multi III is all about.

Perfect for jobs that require three lines of print in a limited amount of space.

Features of the MicroJet III

Self-contained non-contact coding system

High speed valves: 16 standard

Messages save areas: 100

Fixed characters per line: 39

Lines and Character Heights
