Many options are available. Complete details will need to be finalized to determine requirements and final system costs. Work with your Pro Pac representative to build this machine to your specifications.

## Powerful Printing across Wide Web Films

The rugged Markem-Imaje SmartLase C600 with the X-Wide printhead delivers high-quality, permanent coding on wide print areas typical in stick pack, multi-lane and matrix product packaging.

The SmartLase C600 is the most advanced Markem-Imaje CO<sub>2</sub> laser printer coupled with the X-Wide printhead delivers high-quality, chemical-free, permanent coding on paper, chipboard, films and foils on a whole new scale, with up to 820 mm wide print area.

## Wide Web Coding for Stick Pack, Matrix and Multi-Lane Applications

Single serving dairy and desserts, coffee stick pack and pods, cosmetic and pharmaceutical sachets, multi-lane meat packing, single serving ice cream wrappers and much more!

**Lower TCO, more OEE with 5X Larger Printing Area** Matrix coding with an up to 820 x 500 mm printing area. The SmartLase C600 X-Wide printhead provides 5 times more printing area compared to the Markem-Imaje SmartLase C600 Wide (250 x 250 mm). Use fewer lasers for wide web applications. Two 60-watt lasers can print an up to 1.6 meters wide web, and the powerful combination of the SmartLase C600 X-Wide and CoLOS with matrix mode, enables printing multiple packages all in one-shot.

**Unleash the Extra Potential of the SmartLase C600** Powerful laser, ultra-fast digital galvos, advanced proprietary algorithm and now with X-Wide printhead working in tandem to provide the highest lasing

efficiency yet. High-speed and high-volume printing, fast, multiple lines of text (18 characters each) and 16 prints per second or more.

**Maximum Versatility** SmartLase C600 X-Wide and CoLOS with matrix mode allows you to print more variable information in late-stage customized codes, reducing pre-printed film inventory. Print promotional codes, print and score stick packs or mark different materials such as ice cream wrappers and sticks at the same time!

D15 X-Wide Scanhead Lense	LF300	LF350	LF400
Focal distance (Fd)	420 mm	480 mm	574 mm
Print area	380 x 280 mm	600 x 380 mm	820 x 500 mm
