Many options are available. Complete details will need to be finalized to determine requirements and final system costs. Work with your Pro Pac representative to build this machine to your specifications.

## Simplified Printer Operator Effectiveness

The Videojet 1280 Continuous Inkjet (CIJ) Printer, with intuitive interface and smart design features, is simple for operators to use.

The 1280 CIJ printer features an 8" tablet-like SIMPLiCiTY interface, greatly reducing operator printer interactions, and helping to eliminate potential user errors.

One quick and easy-to-replace Videojet SmartCell service module helps to ensure you receive maximum line productivity and no additional downtime.

No mess, no waste, no mistake Videojet Smart Cartridge system drains all fluids from the cartridge, and offers additional protection against leakage during transport and handling.

## Benefits

### Uptime Advantage

Leveraging proven and innovative technologies from Videojet legacy models.

Modular wear parts enable easy and reliable replacement by the customer, therefore reducing downtime.

Ability to connect to optional VideojetConnect Remote Service for direct access to technical experts.

### Simple Usability

8" touchscreen display is intuitive to the operator without the need for extensive training.

On-board how-to videos greatly reduce the need for having an operator manual to hand. The Videojet SmartCell design allows for simple, user-performed preventative maintenance.

### Code Assurance

Tablet-like functionality enhances an operator's ability to learn the interface to reduce coding errors. The Videojet SIMPLiCiTY user interface greatly reduces operator printer interactions, helping to eliminate potential user errors through an intuitive, 8" touchscreen display. User definable message rules can automate code content without need of operator interaction.

### Built-in Productivity

No mess, no waste, no mistake Videojet Smart Cartridge. Reduce waste and rework with the step-by-step guides in the easy-to-use operator interface. Workflow modules expand functionality. Automated message rules reduce operator interaction.

## Specifications

Print Heads	1
Ink	Dye based
Maximum Lines of Print	5
Maximum Line Speed	162 m/min (533 ft/min)
Environmental Protection	IP55
Umbilical Length	2 m (6.56 ft)
Message Storage Capability	More than 250 complex messages
Smart Cartridge	Included
SmartCell	Included
Communications	Ethernet LAN and RS232 serial (requires RS232 connector kit)
Linear and 2D Bar Codes	Included
I/O Ports and Control	Product detect input, encoder input, beacon (alarm light) output, relay output, USB 2.0 (x2)
Display (User Interface)	SIMPLiCiTY based 8" color touchscreen
Workflow Modules	Scan2Print
