Many options are available. Complete details will need to be finalized to determine requirements and final system costs. Work with your Pro Pac representative to build this machine to your specifications.

## Compact Horizontal Band Sealer for Flat Products

The APM compact HBS-1/8 TX band sealer is specifically designed for flat products, including household products, disposables, electronics, paper, books, magazines, and foods including tortillas, bakery goods, and more. The HBS can be mated with your existing conveyor or used as is. With an optional bag top trimmer, this sealer creates perfectly sealed and trimmed packages.

## Features

Mounted horizontally with crank adjustable height control stand  
Easily mates with your existing conveyor  
Permanent magnet DC variable speed gearmotor provides sealer/conveyor synchronization  
5" long heating zone and 5" long cooling zone provides flexibility in sealing of difficult materials  
Sealing temperatures up to 450F  
Variable speeds up to 100 feet per minute  
Constant secure seals of 1/8" or 1/4" wide  
Bag top trimmer  
Special heavy-duty 1" wear-resistant laminated Teflon bands  
Hard chrome-plated sealing bars and nickel plated cooling bars provide maximum wear resistance  
Digital temperature control maintains consistent heat and assures quality hermetic seals  
USDA approved

## Options
