Many options are available. Complete details will need to be finalized to determine requirements and final system costs. Work with your Pro Pac representative to build this machine to your specifications.

Table-Top Band Sealer Swivel Base

The APM TBS-3/8 portable table top sealing system creates a 3/8" wide hermetic seal without a trim. This bag sealer is designed on a swivel base for sealing from a vertical to a 45 degree position.

Features

Swivel base designed for sealing from vertical to 45-degree position
Variable speeds up to 540 inches per minute (45 fpm) with ultra-quiet gear motor
Front heater On/Off switch for sealing Tyvek (front and rear heaters generate heat as required for other materials)
Constant secure seals of 1/8", 1/4", or 3/8" wide
Special heavy duty 1" wide wear-resistant laminated Teflon bands
Digital temperature controls with PID Auto tune maintains consistent heat and assures quality hermetic seals
5" long heating zone and 5" long cooling zone provides flexibility in sealing of difficult materials
Sealing temperatures up to 450F
Hard chrome-plated sealing bars and nickel plated cooling bars provide maximum wear resistance
Anodized aluminum chassis sealing assembly and stainless steel shafting throughout assures longevity
USDA approved

Options

Product carry shelf for consistent ease of entry

Embossing coder for product coding and marking
