Many options are available. Complete details will need to be finalized to determine requirements and final system costs. Work with your Pro Pac representative to build this machine to your specifications.

Hermetically Seal 50 lb Bags up to 800" per Minute

QuantumPak Q800CHD continuous band sealer with a heavy-duty conveyor hermetically seals heavy bags and pouches. This Q800CHD band sealer seals bags weighing up to 50 lbs at speeds up to 800" per minute.

The Q800CHD band sealer hermetically seals a wide variety of bag styles made of nearly any kind of material including metalized laminates, paper laminates, Tyvek, and a variety of plastic materials.

Easy-to-use digital controls for the temperature and speed and can be adjusted to accommodate a wide variety of material, ensuring reliable seals.

The QuantumPak Q800CHD is built for 24/7 operation in a wide variety of industries.
