Hermetically Seal 15 lb Bags up to 800" per Minute

QuantumPak Q800C continuous band sealer hermetically seals bags and pouches at speeds up to 800" per minute.

The Q800C band sealer hermetically seals a wide variety of bag styles made of nearly any kind of material including metalized laminates, paper laminates, and a variety of plastic materials.

This band sealer with conveyor can carry bags weighing up to 15 lbs. Easy-to-use digital controls for the temperature and speed and can be adjusted to accommodate a wide variety of material, ensuring reliable seals.

The QuantumPak Q800C is built for 24/7 operation in a wide variety of industries.
