Many options are available. Complete details will need to be finalized to determine requirements and final system costs. Work with your Pro Pac representative to build this machine to your specifications.

Quickly Feed Cups and Lids Automatically

Rennco's innovative system for the disposables industry is the Trim Press Interfacing System. Resulting from extensive research, Rennco's TPI system interfaces with your manufacturing line of a variety of thermoformed cups and lids.

A complete packaging interfacing system can include tooling exit, pre-staging, transfer, loading, conveying / counting and packaging options.

Specifications

Lids and cups from 2 3/4" to 4 1/2"

1, 2 and 3 tier for cups

1 and 2 tier for lids
