Many options are available. Complete details will need to be finalized to determine requirements and final system costs. Work with your Pro Pac representative to build this machine to your specifications.

## Low-Price High-Performance Shrink Bundlers with 35", 50", 70" and 80" Seals

Eastey automatic bundlers provide you with quality features found in much higher-priced machines. These shrink bundlers are designed and built to give you all the features needed for positive sealing polyethylene films.

Eastey automatic bundlers are expertly welded on 12 gauge steel frames and designed to handle the day-to-day requirements of the most demanding bundling operations. Each bundler utilizes two rolls of single wound film mounted on the same side of the machine and an upper and lower power film unwind for ease of use.

## Models

EB35A, EB50A, EB70A, EB80A

## Standard Features

Designed to seal polyethylene films  
35", 50", 70" and 80" wide hot knife seal systems  
Upper and lower powered film unwind for smooth feed of film  
All-welded main frame from 12 gauge steel  
22" adjustable product pass through height

Bases supplied with locking casters for easy transport  
Pneumatic product pusher with adjustable return stroke lengths  
Self-centering seal system  
Automatic seal system with magnetic hold for consistent proper seal  
Self-tracking conveyor belt and product indexing  
Leveling legs to provide sturdy base  
PLC touch-screen operation for easy operation adjustments  
Flexibility for fully-automatic or single product operation  
Durable custom two-part epoxy finish resists scratching  
220v standard, 480V optional  
70" max film width  
14" max film OD  
Easy-to-use design requires minimal training, maintenance, and trouble free operation  
Made in the USA

## Options

Additional 4" seal head height  
Additional 2" seal bar length extension  
Optional product guides  
Interlocked guard doors  
Product hold down  
Single belt option for infeed and exit conveyor  
Extended Infeed or Exit conveyor length  
Left or right angle infeed conveyors available  
Manual infeed available  
Dual film rack or pull out film rack  
Low film indicator  
Additional E-Stop button  
Optional password protection  
UL approved electronics and control box  
Left hand machines available  
Custom sizes and configurations available upon request
