Many options are available. Complete details will need to be finalized to determine requirements and final system costs. Work with your Pro Pac representative to build this machine to your specifications.

Reliable Entry-Level Automatic L-Sealer with 17" x 21" Seal Area

Eastey has been a leader in the shrink packaging industry for over 25 years. Eastey Automatic L-Sealers offer the durability and functionality required to efficiently handle a variety of shrink applications.

Eastey's Value-Series Automatic L-Sealers are designed for entry-level and intermediate production that require simple operation, small footprint, or a limited budget. These automatic shrink machines will handle the day-to-day demands required for automatic sealing.

Proven reliable, these intermediate level Eastey Automatic L-Sealers provide you with all the quality features found in much higher priced machines. They are designed and built to give you all the performance features needed for positive sealing a wide variety of films including polyolefin, polyethylene, and PVC.

Standard Features

- Designed to seal most polyolefin, polyethylene, and PVC shrink film
- All-welded main frame from 12 gauge steel
- Normal speed infeed and outfeed conveyors
- High-speed with product indexing

Motorized seal height adjustment for various product sizes
 Seal head equipped with pneumatic air cylinder for automatic sealing
