Many options are available. Complete details will need to be finalized to determine requirements and final system costs. Work with your Pro Pac representative to build this machine to your specifications.

Full Featured Fully-Automatic Strapping Machine

The Greenbridge PC PRO automatic strapping machine incorporates the latest servo motor technology that provides the ultimate in reliability. This technology also greatly reduces moving parts and maintenance. These features coupled with Polychem XL strap coils add up to a lower overall cost of ownership verses other strapping systems.

The PC PRO is a full-featured strapping machine with a basic machine price. The multi-color touch-screen controls with diagnostics and four tier LED status light provide an informative, user friendly design. The quick adjust casters and variable speed conveyor allow for a quick and easy installation.

Features

- Full-color touch-screen controls with diagnostics
- Three tier LED status light tower
- Variable speed conveyor belts
- Automatic waist high loading
- Quick adjust legs 26.5" to 35"
- Up/down stream interlock
- Yashawa AC servo motors and drives
- Servo technology provides ultimate reliability
- One piece track
- Efficiency log program
- Power saving sleep mode

Options

Soft press compression

Multi strap kit for long packages
