## Pricing

Call us at 888-318-0083

Many options are available. Complete details will need to be finalized to determine requirements and final system costs. Work with your Pro Pac representative to build this machine to your specifications.

## Cost Effective, Rugged and Reliable

The Flex series high-profile deluxe pallet wrappers are designed and built with economy, efficiency and safe operation in mind. These stretch wrapping machines will give you all of the features you need to wrap pallet loads quickly and efficiently, using the least amount of stretch film. With several available options like extended base or mast, or 30" film carriage, your Flex stretch wrapper can be built to perform as you need it.

The Flex Series high-profile deluxe is easy to install. These wrappers are designed to expand production with an option to add a second turntable. Plug a second turntable into the mast in a single location, or position multiple turntables where you need them in your facility, and move the mast when needed.
