Many options are available. Complete details will need to be finalized to determine requirements and final system costs. Work with your Pro Pac representative to build this machine to your specifications.

## Cost Effective, Rugged and Reliable

Orion's low profile deluxe LPD pallet wrapper has been designed and built with economy, efficiency and safe operation in mind. These stretch wrapping machines will give you all of the features you need to wrap pallet loads quickly and efficiently, using the least amount of stretch film. With several available options like dual turntables, extended base or mast, or 30" film carriage, you can have your Flex series low-profile deluxe machine built to do exactly what you need it to do.

Orion's low-profile stretch wrappers ensure quality product handling. With a full surround deck to protect the turntable, products are kept safe and secure. These low-profile wrappers are built with a structural steel frame for durability.

This Orion LPD pallet wrapper has a 5,000 pound maximum load weight capacity and a high efficiency of 260 percent powered film pre-stretch. All Orion equipment is safe, secure, and dependable.
