Many options are available. Complete details will need to be finalized to determine requirements and final system costs. Work with your Pro Pac representative to build this machine to your specifications.

Quickly Package Your Food in This Low-Cost Tray Sealer

Starview MSTS Series tray sealers are designed and competitively priced for fresh counter packaging, typically a clear or printed film to a preformed tray for food manufacturing companies, catering, grocery stores, delicatessens, etc.

The MSTS Series is ideal for low to medium production. These tray sealers can adapt to seal for a wide range of product tray sizes by simply changing the tooling. The MSTS tray sealers trim the film to the profile of the tray and automatically rewind the scrap web. Starview MSTS tray sealers will provide years of dependable performance with a minimum of maintenance.

Advantages & Benefits

A wide range of standard and custom features available to match requirements.

Uses quick-change anodized aluminum tooling.

Models available with and without modified atmosphere protection (MAP) capability.

Convenient touch panel controls for operator convenience, accessibility and process repeatability.

Automatic film feed, seal & trim and scrap rewind for clear or random print film.

Registered print film feed optional.

Stainless steel wash down construction to allow cleaning in a food handling environment.

Industry leading design, construction, features and customer support.
