Many options are available. Complete details will need to be finalized to determine requirements and final system costs. Work with your Pro Pac representative to build this machine to your specifications.

## Produce Water Bags at the Relief Site

The General Packaging VFFS L4 bagger is a lightweight, compact, portable machine designed for packaging potable water close to the point of need for disaster relief and military requirements.

The General L4 bagger produces bags up to one liter.

Please [contact Pro Pac](#) or call 888-318-0083 for your vertical form fill seal bagging equipment.
