Many options are available. Complete details will need to be finalized to determine requirements and final system costs. Work with your Pro Pac representative to build this machine to your specifications.

## Highly-Accurate, High-Speed Filling

Ohlson stainless steel multi-head scales and counters are made for high-accuracy and high-speed applications. These multi-head scales are easy to operate, clean and maintain.

Ohlson combination scale systems will weigh/count your product and fill your containers with speeds reaching more than 200 cycles per minute and accuracies to a fraction of a gram. These production capabilities are among the industry's best in performance and reliability.

## Features

- Drastically reduce product giveaway (load cell accuracy to 0.1 gram)
- Minimize end product damage with clean, gentle handling
- Comply with weights & measurement standards and regulations
- Confirm both weight and count measurements in your packaging
- Highly sanitary
- Easy, tool-less parts removal
- Uptime rating near 100 percent maximizes your man hours and efficiency
- Easily programmable
- 100-program storage for quick changeover

## Options

- Timing hopper
- Tilted feed pans
- C.O.P. Rack
- Spare set of buckets and chutes

Bucket elevator  
 Support platform  
 Diverter gates  
 Ceramic/Teflon coating  
 Spinning cone option  
 Gentle handling ring
